CODECS- 360 Solutions

In 27 de ani de la infiintare, **CODECS** s-a mentinut si s-a dezvoltat pe piata de invatare si formare profesionala si de business din Romania si datorita parteneriatelor durabile pe care le-a creat si mentinut, permitandu-i sa ofere programe acreditate si cu o expertiza la care sa contribuie specialisti din diferite domenii de la nivel international.

Un astfel de parteneriat este si cel cu **360 Solutions**, compania internationala de consultanta, cu sediul in Statele Unite ale Americii, specializata in suportul pe care il acorda organizatiilor in domenii esentiale precum evaluare, strategie, dezvoltare de leadership si marketing.

Una dintre caracteristicile **360 Solutions** o reprezinta reteaua sa solida de parteneri strategici din intreaga lume, care, datorita formarii si experientei lor, pot oferi acea consultanta specializata si specifica de care o companie are nevoie, indiferent de marime, domeniul sau tara in care se afla.

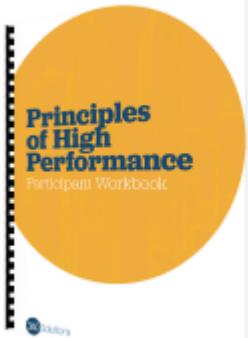

Incepand cu februarie 2020, am reluat de la un nivel si mai consolidat si activ parteneriatul cu **360 Solutions**.

De asemenea, acest parteneriat ne permite sa aplicam la un nivel superior si principalele metode de invatare pe care se axeaza cursurile si programele noastre. Anume, invatarea experientiala, de tip sharing si cea interactiva, atat la nivelul clasic offline, cat si, in special, la nivelul de e-learning.

Va invit sa descoperiti mai multe despre oportunitatile acestui parteneriat in oferta noastră de cursuri si programe, precum si in cadrul continutului de invatare pe care ti-l punem la dispozitie

pe site-ul nostru, retelele si grupurile noastre de socializare si newslettere.

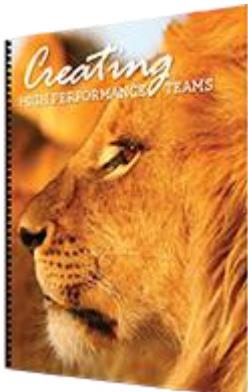

In Romania, CODECS va oferi 20 dintre programele 360Solutions:
